PRIZES

Financial prizes will be awarded to the first 10 men and first 10 women in the main Marathon category and first 3 placings in each age category mentioned above, on condition that at least three competitors have started in the given category.

MEASUREMENT OF TIMES

The technology used for time measurements is the MYLAPS BibTag. The official time is measured from the firing of the starting pistol to the crossing of the finish line. This time decides the final order of runners at the finish. The results list also shows the figure for the net (unofficial start-finish line) time for information purposes.

START SECTORS

Participants are lined up in start sectors, according to their finish time specified in the on-line registration. It is important for every Participant to enter his/her actual finish time. If the runner participates in a discipline for the first time, then he/she would enter his/her expected finish time. After assignment of start numbers it is not possible to change the start sector.

PROTESTS

Protests, regarding the results and situations arising during the race, have to be made verbally to the main referee no later than 15 minutes after the announcement of the results. Protests against the decision of the main referee have to be made in writing in the race office, no later than 30 minutes after the announcement of the decision of the main referee, upon payment of 10,- EUR.

INSURANCE

All participants are under obligation to arrange their own individual medical insurance for this event. The Organizer cannot be held responsible for any damage to property or health incurred during competitors' travel, stay or participation in the event. It is the responsibility of each participant to arrange and undergo an appropriate health check-up and to obtain proper information regarding his/her state of health in connection with his/her decision to take part in any of the KPM disciplines. Each Kosice Peace Marathon participant takes part in the event at their own risk.

HEALTH CARD

We recommend to participants to fill out the health card, which can be found at the back of their start number. These data are not gathered or processed and are remaining

along with the start number in possession of a participant. The provided data can help in case of medical emergency.
